

Many people told me I should tell my story and finally, I decided to do it. I am going to tell you my story. All of it, even the ugly parts that I'm not proud of. I want you to learn from me and be better. My lows were very low and it seemed like I'd be there forever. My highs were very high and it would have been easy to become arrogant, forgetting where I came from. Instead, I chose to live a life of balance. That balance comes from God. Without him, there's no way I'd where I am today or still be in my right mind.

My story is very unique. ~~It . My story~~ has lots of twists and turns in it, ~~y, and~~ yet no matter what I went through, I never let any of that stop me from becoming who I am today. I could have chosen to sit down and die, ~~t, . To remain stagnante. Tostagnant, to~~ use my humble beginnings as an excuse to stay where I was. ~~But i~~ Instead, I chose to get up and change things. Just because I was born and raised in poverty ~~that~~ didn't mean that I had to remain there for the rest off my life. ~~TAnd~~ that doesn't mean ~~that~~ I didn't make any mistakes along the way, ~~because I did.~~ I made ~~manya lot of~~ mistakes. For a long time, . Some that I was ~~ashambed~~ ashamed of some of them, but I'm not. ~~Well I was ashambed of them but I am not ashambed~~ anymore. Why should I be? Everything I went through was used to make me into the woman I am today. All the good, the bad, and the ugly worked for my good. When I started to gain success, people who knew my past would try to throw those things in my face, and for a long time I hid from it. Now, n ~~because no~~ one can hold me hostage to my truth, ~~and no one can hold anything I've ever done over my hed~~ ~~because~~ I'll tell ~~on myself tell the whole truth~~ on myself before I let anyone blackmail me with my truth.

~~What I'm saying is so many people told me I should tell my story and finally I decided to do it. So in this book am going to tell you my story. All of it even the ugly parts that I'm not proud of~~

~~because I want you to learn from me and be better. my lows were very low and it seemed like I'd be there forever but I wasn't. My highs were very high and it would have been easy to become arrogant and forget where I came from but I didn't. Instead I've chosen to live a life full of balance and that balance only comes from God. Without him there's no way I'd still be in my right mind today and without him in my life I know i wouldn't be where I am today.~~

I'm writing this book to teach you ~~others~~ how to move from a place of poverty and pain spiritually, physically, ~~meantally~~ mentally, and financially, and fully come into healing from the traumas of your ~~their~~ past. You ~~because they~~ no longer have to remain hostage to the things you ~~they~~'ve been though. Everyone deserves freedom and I want to show you how I got mine so you can get yours, to. No matter what you've done, you can change your life if you're willing to do the work.
